

ACAP Kentucky 2010 - NABA Greater Louisville Chapter

The 2010 Kentucky ACAP included visits to Texas Roadhouse Headquarters, Papa John's Headquarters, the Louisville Federal Reserve and the Louisville office of PricewaterhouseCoopers. The program also included an introduction to area colleges, a welcome reception sponsored by MSD, alumni cookout sponsored by KMPG, a trip to the movies and to the bowling alley and an etiquette luncheon sponsored by the University of Louisville School of Accountancy. The students also engaged in a week long team competition; the culmination of this competition was a case study presentation made in front of the many of the ACAP board members and their parents. The program closed with a banquet where we awarded two scholarships, one from Ernst and Young and one from the Jeanette Twyman Memorial Scholarship Fund. There were 26 students that completed the residency week representing 15 Kentucky high schools.
